

Drug Brochure Project

Health Education

Instructions: In partner groups, students will use their notes from the Meth video as well as utilize their mobile devices to develop an informative brochure that contains the following:

- Cover of Brochure: Title and graphics
- Inside the Brochure: Definition of your assigned topic, facts, statistics, effects on body systems, possible side effects, testimonials, etc...
- Add pictures for visual effectiveness throughout your brochure
- Back Covers: Help Information (Hotline numbers, web-sites, rehab information, etc...) Names of Students who worked on Brochure (at bottom)
